NOTES

NorthStar is your full-service orthodontic lab. The appliances and custom design options listed are only a sampling of our most requested items. If your preference is not listed, please contact our Clinician Support department to receive detailed pricing.

NorthStar Orthodontics, Inc. reserves the right to adjust prices without notification.

Prices effective March 1, 2017.

ADDITIONAL INFORMATION

100% Unconditional Repair/Remake Warranty*

NorthStar offers a 100% 'no questions asked' remake warranty when an appliance is received back to NorthStar within 30 days from the original date of invoice. To receive your free remake/repair, return the appliance with its original model, a new working model, and a full description of the points that did not meet expectations. To avoid additional fees, please return all required materials in one shipment. Separate shipments may incur handling fees. **Does not apply to aligners or other appliances with digitally reset teeth.*

Limited Warranty*

NorthStar warrants that its appliances are free from errors in workmanship for 120 days from the original date of invoice. NorthStar will repair or replace (at our discretion) any product that fails for reasons other than clinical non-fit due to dentition change, model distortion or breakage from improper handling. To submit your warranty claim, return the appliance, its original model, and a full description of the breakage. To avoid additional fees, please return all required materials in one shipment. Separate shipments may incur handling fees. **Does not apply to the fit of aligners or other appliances with digitally reset teeth.*

Account Creation

Your account is activated when NorthStar receives your first prescribed case for fabrication. At that time, you can expect a phone call to clarify the following:

- Account contact details
- Shipping preferences
- Fabrication preference files
- Special requests
- Billing information

Case Submission

NorthStar provides specialized prescription sheets for all categories of appliances. These may be obtained in bulk and customized with your name and account information by calling NorthStar at 800-346-0011. You may also download all prescriptions from our website. Shipping boxes, packaging foam, and prepaid shipping labels are available upon request. If multiple shipments are necessary to obtain your required case materials, additional shipping fees may apply. For inquiries regarding international shipping, please contact Customer Service.

Additional Fees

NorthStar's shipping & handling fee is applied to one of the cases received in an inbound shipment. Bundling to include more cases per shipment results in greater savings for your office. NorthStar also charges a case cancellation fee. If you would like canceled case materials returned, there is an additional fee to cover return shipping. We are unable to cancel cases that have been in lab for 3 business days.

Billing

Unless otherwise warranted, all accounts are created with an initial \$500 line of credit. Upon return receipt of a completed Acknowledgment of Financial Responsibility form, the credit line is increased to \$5000. Statements are sent electronically or on paper as requested. NorthStar generates monthly statements on or before the third day of each month. Statements include all patient names and related invoice charges for that month. Call NorthStar if your payments will cover multiple accounts.

Payments

- Payments are due by the first day of the month following the statement date. Past due accounts may be subject to credit holds on cases or COD shipments. A service charge of 1.8% monthly applies to past due accounts.
- NorthStar accepts your business check, check-by-phone, MasterCard, Visa, American Express, Discover, and PayPal.
- NorthStar's AutoPay service provides you with convenience and an unlimited line of credit.* You will receive your monthly statement in the manner preferred and your secure credit card on file will be automatically charged for the current balance on the 10th day of each month. Call or visit our website to obtain an AutoPay Authorization Form for this service. **Unlimited line of credit applies as long as account remains current each month and in good standing.*

Privacy Policy

NorthStar may collect personally identifiable information such as your name, address, email and credit card numbers, etc. as voluntarily supplied by you, as our client, or one of your approved staff members. Providing this information to NorthStar gives us permission to use it only for business-related purposes. Your personally identifiable information is kept secure. Only authorized NorthStar employees have access to this information, and it will not be rented or sold to anyone.
