NOTES

NorthStar is your full-service orthodontic lab. The appliances and custom design options listed are only a sample of our product line and represent our most requested items. If your design preference is not listed, please contact our Clinician Support department to receive detailed pricing.

NorthStar Orthodontics, Inc. reserves the right to adjust prices without notification.

****No warranty - no guarantee of fit**

Prices effective May 1, 2018.

ADDITIONAL INFORMATION

100% Unconditional Repair/Remake Warranty*

NorthStar offers a 100% 'no questions asked' remake warranty on appliances for 30 days from the original date of invoice. Please note: this is a remake warranty, not an offer of credit. To submit a warranty claim, please send the faulty appliance or detailed pictures, a new working model, and a full description of the points that did not meet expectations. Please return all required materials in one shipment - separate shipments will incur handling fees. Claims submitted without required case materials will be charged in full for the remake or repair, but such charges will be credited upon receipt of missing materials, except for the handling fee. **Does not apply to aligners or other appliances with digitally reset teeth.*

Limited Warranty*

NorthStar warrants that its appliances are free from errors in workmanship for 120 days from the original date of invoice. NorthStar will repair or replace (at our discretion) any product that fails for reasons other than clinical non-fit due to dentition change, model distortion or breakage from improper handling. To submit your warranty claim, please follow the submission guidelines listed in our Unconditional Warranty above. **Does not apply to aligners or other appliances with digitally reset teeth.*

Account Creation

Your account is activated when NorthStar receives your first prescribed case for fabrication. At that time, you can expect a phone call to clarify the following:

- Account contact details
- Shipping preferences
- Fabrication preference files
- Special requests
- Billing information & Acknowledgement of Financial Responsibility

Case Submission (Note: All Rx's must be completed and signed)

NorthStar provides specialized prescription sheets for all categories of appliances. These may be obtained in bulk and customized with your name and account information by contacting Customer Service. You may also download all prescriptions from our website. Shipping boxes, packaging foam, and prepaid shipping labels are available upon request. If multiple shipments are necessary to obtain your required case materials, additional handling fees will apply. For inquiries regarding international shipping, please contact Customer Service.

Additional Fees

NorthStar's handling fee is applied to one of the cases received in each inbound shipment. Bundling to include more cases per shipment results in greater savings for your office. NorthStar also charges a case cancellation fee. If you need to cancel a case, a fee will apply. There is an additional fee if case materials must be returned. We are unable to cancel cases that have been in the production phase for 3 days or longer.

Billing

All new accounts receive an initial \$500 line of credit. Upon submission of a completed Acknowledgment of Financial Responsibility form, the credit line is increased to \$5000. Statements are sent electronically or on paper as requested. NorthStar generates monthly statements on or before the third day of each month. Statements include all patient names and related invoice charges for that month. Call NorthStar to set up a billing account if your payments will cover multiple practitioners or locations.

Payments

- Payments are due by the first day of the month following the statement date. Past due accounts may be subject to credit holds on cases or COD shipments. A service charge of 1.8% monthly applies to past due accounts.
- NorthStar accepts your business check, check-by-phone, MasterCard, Visa, American Express, Discover, and PayPal.
- NorthStar's AutoPay service provides you with convenience and an unlimited line of credit.* You will receive your monthly statement in the manner preferred and your secure credit card on file will be automatically charged for the current balance on the 10th day of each month. Call or visit our website to obtain an AutoPay Authorization Form for this service. **Unlimited line of credit applies as long as account remains current each month and in good standing.*

Privacy Policy

NorthStar may collect personally identifiable information such as your name, address, email and credit card numbers, etc. as voluntarily supplied by you, as our client, or one of your approved staff members. Providing this information to NorthStar gives us permission to use it only for business-related purposes. Your personally identifiable information is kept secure. Only authorized NorthStar employees have access to this information, and it will not be rented or sold to anyone.
